

## Scozzari Builders of Trenton, NJ Chosen as Holy Cross Construction Manager

Published: [HolyCrossRumson.typepad.com](http://HolyCrossRumson.typepad.com) website, titled: Diary of a Parish Priest, *June 20, 2012*

Congratulations to Scozzari Builders of Trenton, NJ for being chosen as Holy Cross Church's Construction Manager amid excellent competition from three other companies. We thank all who helped us by providing corporate documentation and answers to our proposals.

Our architect now continues the Design and Development phase of the project along with representatives of Scozzari in order to bring the project at budget and on time. Their first collaborative meeting is scheduled for next Wednesday.

The selection of our Construction Manager is an exciting and important phase of the church project. Thanks especially to our Committee members who donated time and talent to attend our interviews and deliberations.
