Re: Responsive Service Acknowledgement & Recommendation

Dear Mr. Hutchinson:

Upon your firm's recent completion of the Old City Hall Restoration Phase 2 Project, it is my pleasure to acknowledge the responsive and professional service you provided the City of Burlington during the project. Over the past year, you are to be commended on providing both city staff and the project architect with problem analysis, quick follow-ups and real world solutions to various reconstruction technical and historic restoration project concerns. You have provided positive project construction support and skilled trades assistance towards the successful completion of a challenging historic restoration project.

As a result, it is my pleasure to recommend you for future construction management projects. I wish you the best in furthering your professional career as an outstanding young "hands on" project manager!

Sincerely,

Frank Storm
Preservation Director
