Dear Nick:

Now that we have completed the Fine Arts Center renovation, I wanted to take the time to thank you for the tremendous work that you and your firm did for the School. It is a real pleasure when contracting in the construction industry to have a company come in at budget, on time, and with as little day to day issues as we enjoyed with Scozzari Builders. The Fine Arts Center is gorgeous and we continue to receive compliments daily about the building.

Thank you for your efforts and for adding another gem to our campus. As we have in the past, we will continue to consider Scozzari Builders for any future construction needs for The Hun School.

Sincerely,
